Continuation of Attachment(s) 3. Information Disclosure Statements (PTO/SB/08), Paper No./Mail Date: 9/27/06;2/13/07; 4/25/07;12/11/09.

Art Unit: 1792

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- Claims 43-72 have been cancelled.

Art Unit: 1792

2. The following is an examiner's statement of reasons for allowance: The prior art does not teach nor suggest an electrostatic powder coating method and apparatus using an apparatus utilizing a mixer comprising a sump having at least two elongate mixing shafts with the claimed oriented paddles to rotate in opposing directions to charge coating powder, and supplying the charged coating powder to an applicator for electrostatically powder coating substrates/ solid dosage forms.

The closest prior art: US 5151739 is an electrostatographic reproduction device utilizing a sump having two rotating blade shafts, a powder feed roller, and development roller provided within a chamber for image printing. US 5307124 disclose a similar electrostatic reproduction device utilizing a tribocharging sump to charge powder. US 3323933 and 4146323 teach tribocharging powders and to form a powder cloud utilizing rotating blades and a slotted/ recessed auger in a xerographic development system, respectively. It is the Examiner's opinion that the Stated Prior Art does not teach, nor fairly suggest to combine, the cited references to produce the invention in this Application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Frederick J. Parker whose telephone number is 571/ 272-1426. The examiner can normally be reached on Mon-Thur. 6:15am -3:45pm, and alternate Fridays.

Art Unit: 1792
